Hello beautiful ladies. I am in the process of opening a body rub business. The business will be up and running Labor Day weekend. I am looking for beautiful, reliable, smart women who are interested in making money. Classy, upscale location, 100% legit and legal. Appointments only. Will give more details if interested.

I am only looking to hire a few women at MOST until business takes off, clients become regular and the money just floats in. I am not looking for any specific race or body type you just must have the qualities that I described above. Please respond to this ad with a current picture, age, name (real or alias), if you are willing and able to work labor day weekend, details about yourself and if you have reliable transportation.

If I am interested, I will respond to your email and set up a time to meet with you.

Please serious inquiries only and please only send ONE email. I will get back to you within 24 hours of your email if I am interested either way.
