i have a 6 month old black female cat that is not fixed. she is UTD on all her shots. she is very social and a loving cat that loves attention. she is a bit shy at first but once she gets to know you she will be your best friend. she is litter box trained and is used to kids,cats,dogs,birds,and even ferrets. she is not an outside cat and has never been outside except to travel to and from the vet. she has heartworm protection and flea protection. she had a checkup about a month ago and is in perfect health. there is a small rehoming fee of 15.00 she comes with her food and water bowls and some food. also comes with her litter box and some litter. for more info you can call,text, or email.
