I am looking for an attractive maid to clean my home. I am an attractive gay woman who works from home half the week and do not have the time to clean while working. I would prefer someone with experience, but it is not necessary.

I provide supplies and would like this to be a reoccurring (weekly/biweekly) arrangement. The person selected must dress cute (skirt/dress, possibly heels). No touching involved.

Rates very depending on the services offered, but i was thinking something around the 200 to 250 range. Again, this is open to negotiations.

When responding, please provide photo, availability, services offered, and compensation requirements for those services.
