

Looking for strong janitorial manager (Liberty Township)

Location **Kentucky**

I'm looking at opening a commercial cleaning company branch in northern Cincinnati. I'm from here but spent last 3 years in oil boom of North Dakota. This is NOT just some position, but a chance for someone to share in profits. It is also a way for me to build something back home. So what I'm looking for is someone motivated, has enough income to survive start up period, and who wants to work hard (and smart) but may not have business experience. If interested, don't just send a resume, write why you think I should pick.
