

Seeking Pool Repair Expertise (Brentwood)

Location **Kentucky**
<https://www.genclassifieds.com/x-634084-z>

I am trying to find someone who can repair a swimming pool.

1. A new line from the filter out to the pool.
2. Redo all the tile on the pool (and whatever coping/decking needs repair).

This is a 38x16 gunnite plaster pool from the 1970s. Just old. Plaster is good. Time to redo the tiles.

Please reliable only.
