

# Fantasy Football anyone 135 Buy

Location **Delaware**

I have been running 2 12 team fantasy football leagues for several years and have a few slots open if anyone is interested. One draft is on September 4th at 9:00 EST and the other is September 7th at 9:00 EST. Unfortunately, these dates and times are not flexible.

All money is collected through Leaguesafe.com, a reputable site I have been using for years. The buy-in for both leagues is \$135 and the settings are similar. One league uses 2 RB, 2 WR and a flex and the other uses 3 WR instead of the flex. Here is a breakdown of the payments:

This is the payout for the \$100.

1st Place-\$750  
 2nd Place-\$300  
 3rd Place-\$150  
 4th Place-My sympathy!

The additional \$35 is for a \$30 weekly winner from weeks 1-12.

I will post the weekly winner each week on the league site on Yahoo, but all payments, since they are done by League Safe, are done at the end of the year. Since there will be a weekly email, you and I can keep a running tab of how much you are due to collect at the end. It worked great last year, and kept people who were out of playoff contention still interested and active.

Let me know if you want an invite to check out the settings. If you decide to join, please stay in and keep in mind the deadline for making payment to League Safe is

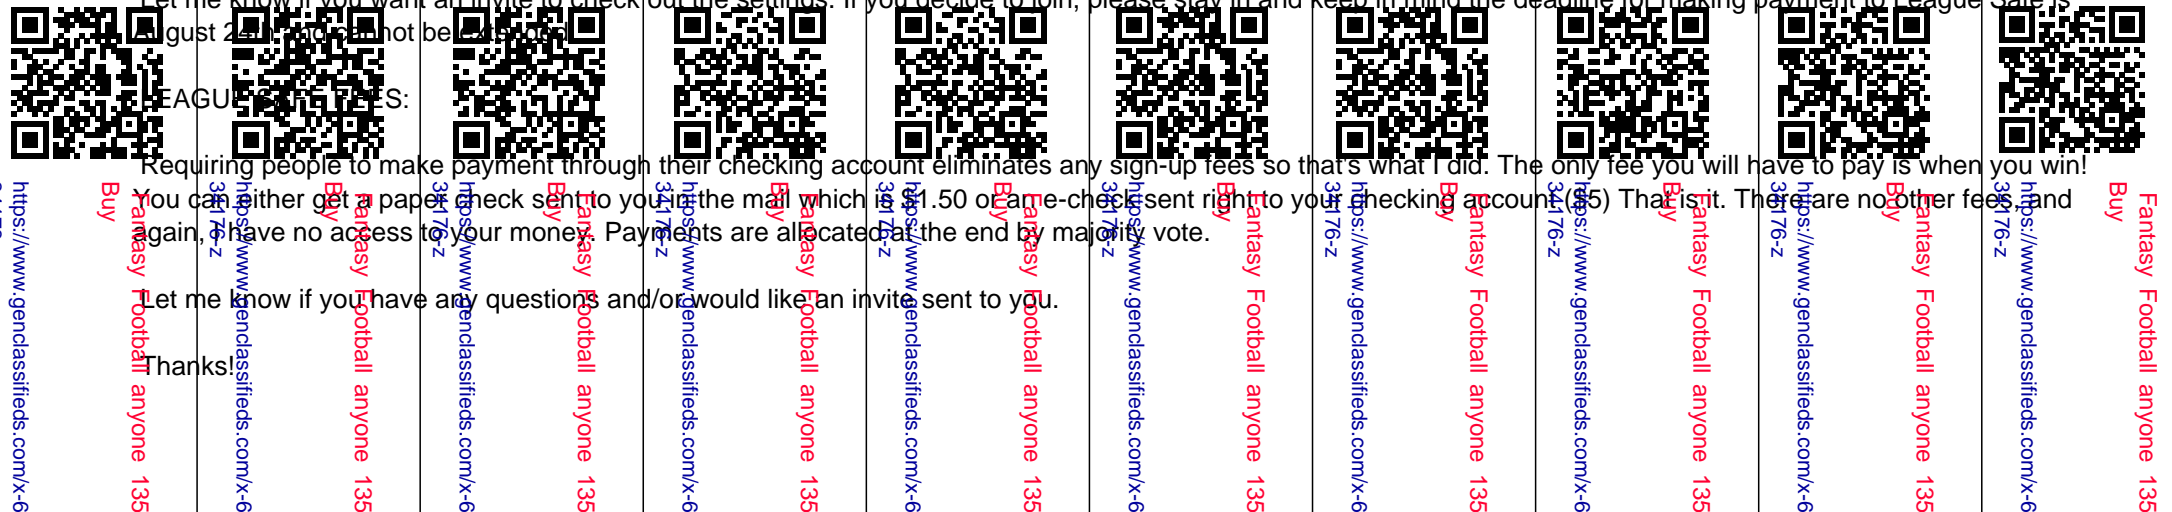

August 2nd. I do not believe

LEAGUE SAFE SETTINGS:

Requiring people to make payment through their checking account eliminates any sign-up fees so that's what I did. The only fee you will have to pay is when you win! You can either get a paper check sent to you or the mail which is \$1.50 or an e-check sent right to your checking account (\$5). That is it. There are no other fees and gain, have no access to your money. Payments are allocated at the end by majority vote.

Let me know if you have any questions and/or would like an invite sent to you.

Thanks!
