I have a cement truck coming Wednesday at 11am. I need experienced laborers to pour and finish concrete slab on basement floor. it's a dirt floor right now and the gravel base is being laid as well. All you will have to do is pour and finish concrete including all concrete related tasks. This job must be done on Wednesday so we need good professional workers. Call me or text me

please note that I am not paying a cent for bad work. I am only paying for professional and good work and the payment will be made at the completion of this project. Please have your own tools and equipment. must have a clean criminal record, references and pictures and be active in a drug free environment. give me your best offer ! Ps I have a contractor that does good work he is just a bit pricy. I'm looking for fair estimates not cheap as I must make a decision today so you can work wednesday. call!
