

Field IT Network Tech and Installer (DMV)

Location **Washington**
<https://www.genclassifieds.com/x-634279-z>

I am looking for two person with experience in the installation of networking equipment. You MUST have knowledge in installing computer equipment, networking settings, IP settings/sub-netting, VLANs, and have prior experience doing physical installation labor work.

The "gig" consists of:

Installing pre-configured devices at customers locations. Some locations will be new construction, some will be finished construction with no-one around, some will be live working environment.

Sometime you will need to set-up simple configurations of the devices. For example, IP-Cameras, you will be given a battery, a wifi bridge and a laptop, and you will need to set-up static ip address on the cameras, laptop, wifi bride to be in the same sub-net

Patching cables with pre-configured colors.

Performing simple computer software installation.

MUST HAVE SOME EXPERIENCE INSTALLING AND CONFIGURING SOFTWARE/PCS/PERIPHERALS

MUST HAVE RELIABLE TRANSPORTATION

MUST HAVE VALID US-ISSUED DRIVERS LICENSE

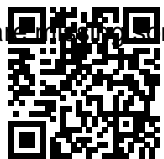

MUST HAVE GOOD CELLPHONE WITH GOOD CAMERA

THIS IS 1099 PAY, I HAVE LOTS OF SMALL GIGS GOING IN CONSTANTLY, ESPECIALLY DURING THE SUMMER.
