

Beautiful models needed for films

Location **Iowa**
<https://www.genclassifieds.com/x-634452-z>

All real names will never be released, also nothing will be released outside the subscription sites. This is very discrete and we value the identity of every one of our models, and do everything to keep it this way. This will be done in Des Moines, IA. Please continue to read for this great opportunity.

An online erotica publisher has hired our photo studio for a recurring story and movie set feature that requires three new female models each month. All body types are encouraged to apply. If you have confidence and a natural body, you could land one of the three contracts we will offer.

The script does require sexual intercourse, but several shots will require explicit poses from the nude models. All models must be willing to wear costumes and paraphernalia supplied for each shoot.

This movie shoot is intended for use on a private, subscription-only erotica website. In addition to the modeling fee, models will have a chance to earn cash bonuses depending on the popularity of each story.

Models will be required to act out the story through a series of poses, and should have basic acting skills - however, if you don't have acting skills and are wanting to learn do apply as well.

All filming sessions will take place indoors, on a set with props.

REQUIREMENTS:

Must be 18 years of age or older to apply

All body types welcome. Models will be selected based on their natural appearance and how they present themselves.

All models will be paid in cash. Form 1099 issued upon request.

If you have any questions about this, just ask.
