Guaranteed Credit Repair Results in 45 Days.

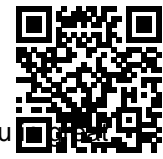

You make an appointment with me.
 We will sit down together in my office and pull your credit.

I will identify every single negative item on your credit report that's causing you harm. I will create individual disputes for those negative items. Creditors are required by law to verify the items %100. Rarely are they able to do so and therefore the item must be deleted automatically.

It does not matter who you owe,
 It does not matter how much you owe,
 It does not matter if the item is yours.

And with the way I write my disputes I'm able to get nearly all of your negative items deleted in 30 to 45 days and that's GUARANTEED!!

Our Credit repair experts can counsel you and improve your credit score by finding and disputing errors on your credit report. We will also teach you to improve your credit scores and keep your credit record free of liens, collections, judgments, late payments, foreclosures and repossessions. It doesn't happen overnight, but with the proper documentation of errors and the self-discipline to adhere to positive spending and saving habits, you can fix your credit with the help of these services.
