Band needs a drummer. Please be in Broward County. We are a trio we do classic rock, new rock, alternative and blues. We also have some good rock originals. We are a cover band, not a copy band. We don't want to duplicate the record. We need a well seasoned drummer with good equipment, good transportation and energy. Someone that does there homework. Not looking to learn songs at practice!

If you like playing music and you like being in a band and playing out then this could be for you. We are not looking for a hired gun or someone that has a problem with practicing with the band.

You should have

Good equipment

Good transportation.

Any vocals would be a big plus.

You must live in Broward. If you think you might be interested let us know and we will send a list of what we do and some stuff we have done. Just to give you an idea.

If you think this is for you, drop us a line.
