

Preparing Children for a Love of Learning (Brooklyn Park, Maple Grove, Champlin)

Location

Minnesota

<https://www.genclassifieds.com/x-634755-z>

"Preparing children for kindergarten and lifelong learning by inspiring them to have a love for learning in the early stages of life."--that's what the best daycares strive to do and that's the values you'll find at Brenda's Babycare! I will have two openings for children age 2 to 5 years old and we'd love to have your child join our little group. I was an award-winning daycare provider in 1995, a finalist for Childcare Worker of the Year in 2000, one of only 4 finalists in the state for Provider of the Year in 2004, and am a Certified Early Literacy Specialist. My daycare provides a curriculum with lots of academic learning and also lots of time for physical activities. I make learning fun so children begin school excited and ready to be in the classroom. To view pictures of my daycare and find out much more information about my program, visit my website, www.brendasbabycare.com, or phone

during business hours for answers to your.
