

two male Maine coon mix

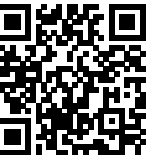

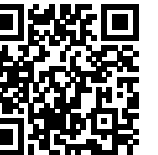

Location **Minnesota**
<https://www.genclassifieds.com/x-634756-z>

So let me start by mom is fixed and won't happen again.. I have kittens deformed first set of shots will need second. Dewormed, litter trained and big balls of fun.. they a small and sweet and will sleep right on you.

You can keep these brothers together or can be rehomed separate..

They need good homes and for forever

I'm asking a rehoming fee to ensure a good home!
