

Requesting 20,000 Business loan from private lender (CovingtonMandeville)

Location **Louisiana**

I am starting a real estate service company and need twenty-thousand dollars in start up capital and would like to borrow from a private lender/investor. This would be a secure short term (three month) loan, with a total payback of 24K plus interest. The loan would be drawn up on a legal document and notarized for the protection of lender and borrower. I will deal with local only and must be in person as this is a legit post. Please do not waste my time with any type of scam. Thank
