I have a super sharp 2004 GMC Short bed Step side pick up truck for sale, this truck just came out of Florida and has never been driven in salt or snow so it has a clean frame and rust free body. The exterior of the truck is black and is in good clean shape, there is no rust, dents, or body damage on this truck. The truck has been chromed out, it has a spray on bed liner, nerf bars, chrome bed rails and has 20" chrome wheels. This GMC is definitely a show truck and a eye turner when it drives down the street. The interior is charcoal grey and is in good shape, the cloth seats have no rips tears or wear spots on them, the carpet is clean but does have one small wear spot under the drivers side floor mat. The dash is in good condition and not discolored or cracked. The AC blows ice cold and the heater is hot. The truck has less than 100,000 miles on it and drives perfect, the V8 engine is strong, and runs perfect, the automatic transmission shifts smoothly. The truck has dual exhaust and sounds really good! This truck is really one great looking truck inside and out. If you are a person that appreciates the older GMC short bed step sides then this is the truck that you definitely want to take a look at. For more information or to schedule a time to come and see this truck give Ken a call @

between 8am-8pm daily. Thanks for your interest and good!
