Location **Maine**

Band seeks male lead guitarist between the ages of 30-50 to complete the trio! Lead and backing vocals a plus. Able to play keys a big plus. Must have studio and stage experience, reliable gear and transportation. Absolutely no drugs of any kind and no heavy drinkers.

We are learning covers in the genre of Vertical Horizon, MB20, GooGooDolls, FiveForFighting, Flying Colors, Spock's Beard, etc. We are staying away from punk, Nirvana, and really most anything that's on WCYY. We'll be adding in other bands like FooFighters, easy Rush, Journey, Muse and whatever else will fit into the genre we're going for. More epic-ish and family orientated music because next summer we will be performing at festivals and fairs. We are staying away from weddings and dive bars because all of this is really just a stepping stone to start writing and recording originals!

If this sounds like a fit for you, please send along info about yourself and links (Facebook/YouTube) of you performing.
