This is Cleo, she is a 1 year old female cane corso. She is a great family dog and loves to play! She would love a yard so she can run around get her exercise. We unfortunately can't give her the space she needs to play and grow. She is great with other animals and is already potty trained. She loves to cuddle and thinks she is a lap dog! She sleeps with us every night and hasn't had any accidents through the night. She knows how to sit, and we are working on shake currently. Our vet told us she will only be around 100lbs, she's very petite for her breed, but she is up to date on all her shots and is very healthy. We can provide records for all of her shots. We ask a rehoming fee of \$650. We paid well over that for her and want to make sure that you would be serious about this and taking care of her. Call or text if you're interested:
