My puppy Princeton needs a new home. I am moving out of the country after being laid off from teaching and cant afford to take him with me. He is utd on his shots and is neutered. He loves to snuggle and is very active. He will come with his kennel a full bag of food and all of his toys leashes etc. I love him but he is not for everyone. He is active and I am still working on potty training. When he is left alone for long periods of time i crate him, otherwise he goes to the door to go out. He is friendly as he went to class with me daily when he was young. If you are interesred please email me. I am asking.
