

Beagle Adoption (Raleigh)

Location **North Carolina**

Camelot is an extremely loving dog. He has a ton of energy and loves to play with toys. Does great with small children, dogs, and cats.

Due to me being military, I am always gone and my wife can no longer handle him and our ten month old baby.

Camelot deserves a forever home that can give him more attention than we do.

He is chipped, up to date on shots, has a banfield memebrship, and 4 months of trifexis left.

He will come with a leash, toys, bed, large and medium crate, and some food.

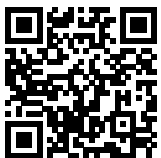

Asking a rehome fee of 100\$.

We must meet in person prior to any adoption happening. I want him to go to a good home not the first!!!
