

Featherlite 24 Gooseneck Open Equipment Trailer 3112 (14500, USD)

Location **Maine**
<https://www.genclassifieds.com/x-635392-z>

The brand new 2015 24' Featherlite gooseneck trailer Model 3112 is a great flatbed for vehicle haulers, contractors and landscapers. This open gooseneck car trailer was designed to be a multi-purpose champ, adept at hauling skid loaders, landscaping equipment and construction materials alike. The Model 3112 is based on the Model 3110 car trailer, and many options are cross compatible.

The 3112 gives users a low 22.5" to 24.5" loading height, lower than other comparable flatbeds - and a lower price! This is a trailer you'll want behind you no matter what your hauling needs are. The flatbed trailer Model 3112 has a standard eight-feet six-inches width. Our 3112 trailers ride on two 7K rubber torsion axles. These trailers include a spare tire and pocket stakes, however ramps are not included in the sale and there are no floor mounted tie rings.

We have three available, buy one or take all three for a reduced price. Local pickup; buyer is responsible for any shipping costs.
