Well, I didn't want to see the day, but I'm selling my trusty 1995 Toyota Corolla. I've had it for 12 years, and it's been a hell of a car. I'm the 2nd owner, first owner kept it in a garage and barely drove it. Stickered through August. This is probably best used for parts, but it's certainly possible to get this Corolla back on the road again. Minor exhaust fix needed, some work on the gas line, 2 new tires, and you'd have to take a look at the subframe. Lots of newer parts, including radiator, battery, and more.

This car saw 7 states, survived numerous snowstorms, hauled an heroic amount of musical gear, and served as the vehicle for a lifetime of adventures and escapades.

\$700.
