We're seeking women for an upcoming 6 to 12 month Study that deals with Healing from Trauma that affects women:

We are aware that this is different than the usual modeling gig, but we encourage you to take part if you feel within your heart, that this may lead you to the kind of true healing that you seek.

First and foremost, this is a non-invasive study. No physical examination is conducted or required. No clinical examination is conducted or required.

We are Seeking women who have experienced either of the following below to participate in this ground breaking Shamanic Healing Study:

Have you experienced either one or more of the following:

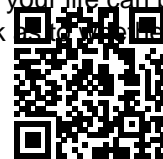

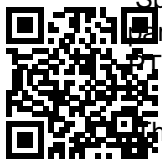

1. Miscarriage
2. Abortion
3. Chronic Womb or Female organ related illnesses/diseases/
4. Inexplicable Fertility issues
5. Rape/Molestation (either once or multiple times in your life)

Diagnosis and Treatment are conducted by Shamanic Elders. The purpose of the study is to demonstrate spiritually derived cures of emotional, psychological and post-traumatic symptoms(PTSD) resulting from the above listed experiences.

Spiritual blocks, physical blocks and psychological blocks that may be exacerbating your illness/dis-ease or obstructing your life can be removed while you are participating in the study. Come forward/ re-natalize the spiritual and participate, you will be able to provide feedback for your own life, name, PTSD symptoms have been healed and cured.

The main purpose of the study is to provide a

1. Diagnose the problem from a Shamanic perspective
2. Educate the subject about the root cause of the problem that she is experiencing and prescribe spiritual remedies
3. Remedy the issues spiritually in order to provide a definitive cue to the subject so
