Rehoming our 2 year old puppy. He is 42 pounds and he is very high energy and would be best with one or two children.he loves children, my two year old rides him like a horse. Loves other dogs. All utd on shots and he is fixed just had a vet visit and isn't due till next May. Would be best not on a busy road he gets antsy around busy roads and traffic. Small rehoming fee does.
