For sale is my Honda 1300VTX which is a water cooled, shaft driven bike that I bought new. Bike has less than 7000 miles and has been ridden very little the past few years because of health reasons. Extra's include foot boards front & rear, Memphis Shades quick remove windshield, engine guard, hard "Leatherlike" saddle bags, backrest & suitcase. Meticulously maintained and garage kept with battery tender; ready to ride! \$4900.00 price is several hundred dollars below book price.

Call or text to Bruce at 402-nine84.
