Install Rinnai Propane Heater (This is a heater not a water heater.) (Derry, NH)

New Hampshire Location https://www.genclassifieds.com/x-635669-z

Looking for licensed plumber who has experience installing these. This is a great side job.

Replacing one unit with another. Gas line is there and electric is there. Pretty simple and straight

forward job. (This is a heater not a water heater.)

Put "Rinnai" in subject to avoid spam. Thanks.
