

beautiful ikea stenstorp kitchen island and bar stools (300, USD)

Location **New Jersey**

Kitchen island in great condition. Solid wood, butcher block top and excellent construction. Beautiful piece that is also practical -- gives you a large counter space and also handy storage below. I am moving and would love to take this with me, but no room in the new place. See details (including dimensions) on the IKEA website:

There are also two cute bar stools that go with the island. Like new. I am selling them for \$50 each.

Island: \$300
Each bar stool: \$50
Total for the set: \$400
