 Mission Kingston Combo Seat

In GOOD condition, lots of usage left!

The 2013 Kink Curb is a sturdily built machine, ready to tackle everything; including ramps, street and trails. This bicycle is constructed of strong high-tensile steel, and is designed with a lower profile that is perfect for the shorter, entry-level rider. The Curbs low-profile makes it easy to get on and easy to get off, also providing excellent control while riding. Kink Bikes are ridden and fully endorsed by riders in the X-Games, Dew Tour and countless videos and magazines all over the.
