Tree stump grinding is my only business. My name is Steve. Fast and reliable service. My rates are pretty much going to be \$40 per stump if the stumps are not larger than 12". If you have ten or more stumps, I give a 10% discount. I have a minimum fee of \$80 but the price of stump removal is included. I will grind to 6" below the surface. A stump grinder will get rid of your stumps but they generally leave an area that needs to be dressed up with a rake. Ideally, stumps need to be no more than about 6" high. I am not an arborist, so I do not cut or remove trees although I do keep a chainsaw for small jobs. I am insured for your protection. Call me anytime to discuss your particular needs. I work weekends.
