Hey ladies, we are a start up company called YouBetMe. We are here from the San Francisco Bay Area and we are shooting a commercial for our company and are looking for female models/actresses (professional or amateur) for our commercial. The commercial will be about placing a bet (what our app does) and losing or winning and having to do funny or embarrassing things. It will be funny and lighthearted. The ad will be on YouTube and our promo page. Our goal is for the video to start trending and just maybe go viral, this will bring an incredible amount of exposure to our company as well as the models/actresses in the video.

Models/Actresses MUST BE comfortable wearing a bathing suit or underwear/lingerie on screen. Applicants must also be able to memorize 4-6 short lines and be able to take directions well. Applicants who are chosen will be paid \$250. Ideally, we are looking for 18-30 year olds, but any age can work as long as you are outgoing, fun, and confident in front of the camera.

Professional acting or modeling experience is NOT required although any experience is a plus.

If interested, please send at least 2-3 recent full body photos (amateur or professional) of you in the attire that is going to be used in the shoot (bathing suit/underwear), any links to a portfolio if you have one, and any questions or concerns you may have.

Let's make this video happen guys!
