This is a job posting for a great job in which you can earn some great income.

We are HonestBuckeye.com

We primarily sell Magazine & Newspaper subscriptions and are of course a local company.

We need some college students to post our flyers in the dorms, libraries, classroom halls, anywhere you think other students would see them. You are in these places every week already so it does not take too much of your time.

For every order we get from that school you will get paid!

Anyway, it's pretty straightforward and as you can see, it will only take a little time which can result in good money for you. We are a very Honest company and treat our employees well.

If you are organized, goal oriented and want to make some money please email us your resume, major and reason for applying.

Schools we are mainly interested in are CSU, JCU, CWRU, CCC but will consider all applicants from all schools,
