1 year old female Akita. She is fixed, house broken, and current on all her shots and flea/tick preventative. She is AKC registered as are her parents. She is super sweet, loves kids, cats, and other dogs of any size. Walks well on a leash, sits and lays down. My living situation has changed and I am not able to keep her. Have all paperwork, toys and large dog crate to go with her. She weighs about 70lbs. She needs an active family and a decent sized yard. She is an inside dog. \$700

(her paws are dirty in the)
