I have two bunnies that are looking for a nice and caring family to join. The white one is a dwarf hotot that has rare blue eyes. She is a small (hence the name dwarf) rabbit that is roughly 4lbs and 2 yrs old. She is nice and has good caring instincts. The other bunny is a larger type of breed (~10lbs). She is a mixture of breeds resembling D'Argent in body composition and an English Spot is color/markings. She just turned 1 yr. They are both unspayed girls. They love each other, so they must go as a pair. They are free for adoption to a good family (or person).

I also have a two floor hutch that they call home. It has a top floor patio, a hideout/resting place, a ramp to travel between floors and a large open space on the first floor to run and play. It is a nice hutch that we bought a year ago for \$300. Want to keep the bunnies in their current accommodations so they don't feel any relocation anxiety. The hutch and some miscellaneous accessories including a self made outside running cage are for sale for \$200.#
