

Missing Cat (Williston)

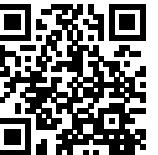

Location **Vermont**
<https://www.genclassifieds.com/x-636342-z>

Caesar is a 1.5 year old, fluffy beige cat with a white chest/belly/paws. He went missing on Friday 8/7/15 from the South Ridge neighborhood. He's an indoor/outdoor cat who's microchipped, but doesn't have a collar.

He is very vocal in response to his name (Caesar) but may be shy. Please look in enclosed spaces that he could have gotten into - he knows how to use a cat door, too. He responds well to a seated/squatted approach and finger wagging, or a jingly toy.

Please let me know if you've seen him or know someone who has found him! I'm worried sick about him, and so is his sister cat,. :(
