I am disabled and can no longer keep my house clean or move stuff around to keep it organized. I am on an extremely small budget so I can't pay much or offer many hours. I'd like someone to come one hour every week to clean one bathroom, vacuum/swiffer floors, and change my bed. If there is any time left over, then some dusting would be nice. Two times a month I'd like that person to stay on for an extra hour to help me move stuff around to get my craft room set up and other organizing that needs to get done. I have a small dog so you must love dogs. Ideal person would be a physically fit woman who also likes crafts (especially paper crafts) and hopefully sci-fi/fantasy geek stuff, who is dependable and honest, with common sense and knows how to clean. I also occasionally have the need for help going places and would like it if the same person might be available for that as well and friendship would be a great bonus. I can pay \$10 an hour for 6 hours a month. Any extra help would be negotiated on a case by case basis. I am flexible on what day you come each week but hope to get into a schedule.

If you are interested please write me with a description of yourself, life situation etc. I will want to email a bit and then meet for coffee and get a few references at that time.

Thanks for your time,
