

Construction helper

Location **Washington**
<https://www.genclassifieds.com/x-636363-z>

We're potentially looking for help in home remodeling (one of our guys may be moving). Looking for just fill in work for now, may not be full time. \$12-\$14/hour depending on experience. Not expecting huge experience at that rate but need you to have some basic skills. **must have own transportation**. Need to have your own basic tools, reliability, and energy. Please message qualifications.

You will have to show the skills you know, so make sure there is no lying on what you know.
That will equal NO Job

If you can't work with a team (meaning, can't work with other people at the job site), can't show up on time and be reliable, then this job is not for you.

Thank.
