Garby and Max were found in someone's back yard, with no mother in sight. They have been fostered and are now purring lovebugs. Garby is female and likes to climb up your shoulder and rest on the back of your neck. Max is a male and starts to purr as you pick him up to cuddle. They are about nine weeks old. Adopter will have to pledge to neuter/spay and provide a reputable vet as a reference. Prefer indoor only cats. We are a small group of rescuers and have access to a low cost S/N clinic, that includes 2 shots. Will drive down for a small fee along with the surgery fee. We ask for a voluntary contribution and will deliver the kitty to your.
