STOP OVER PAYING FOR DIALER SERVICE! CONTACT ME DIRECTLY, NO OVERSEAS SUPPORT OR CENTERS!

BOSSdialer was developed with the new and growing call center in mind. Our Pay-As-You-Go Dialer is similar to a prepaid cell phone. Only pay for what you use. Why pay a monthly fee, if you don't use your dialer every day of the month.

I can show you how to save money on all your dialing needs. Most of my call centers pay less than \$5 per day, per agent. Why pay over a \$1,000 per month at the beginning of each month? This is the same time you have all your other office bills and personal bills. BOSSdialer allows you to pay DAILY, WEEKLY, MONTHLY or however you choose. Add as little as \$5 credit to your dialer!

BOSSdialer operates on the ViciDial platform and is easy to use and operate. BOSSdialer will NOT limit your line needs. Set your Dial Level as high as needed. 5 lines per agent? No problem! 10 lines per agent? No Problem! 25, even 50 lines per agent needed? NO PROBLEM!

Dialer offers tons of features:

- Record ALL calls and store them on our servers up to 5 years
- Transfer call from agent to agent or to different groups (Closers, Verifiers, Customers Services, Etc)
- REAL TIME monitoring. Including listening and barging in on calls
- Hosted means no software to download and all agents can access your dialer from anywhere they have internet
- Hold Music
- Internal Transfers from Agent to Agent or Agent to Closer/Manager/Verifier (all client information is transferred with the call)
- Easy External Transfers to outside numbers. Transfer call to a verification officer fast and easy. No need for Agent to stay on call either. Agents can leave 3-way call

Without downloading the software, you can use the dialer. Great for businesses that want to avoid DNC. Agents can use the dialer to report on their own time, how many calls, numbers, etc. Now make time for your business!

- SO MANY MORE FEATURES TO LIST!

Visit our website www.BOSSdialer.com for more details and contact me to setup a custom trial. 844) MyDialer or You can reach me directly on my cell phone at the number listed above. Also I am always ready to help new centers get up and running!

I am here for you and will get your center online in no time!
