I'm on a budget and need to replace some old carpet. Half the carpet has been pulled off already to expose the concrete. I want to get an estimate on cleaning up the concrete (removing the old carpet glue), and staining the concrete to look good, patching and floating as needed. If I can get a good deal, I need to do around 1400 sq. yds. of hallways. Property is in Dallas. Email me here or call Jay at

Please respond with experience, pictures, and contact.
