What the freak is this, a feud between Dumb & Dumber.

Neither one of you trolls are looking for work and most likely have no skills to offer. People who advertise work here on Craig's List all get spammed by losers like you who have nothing better to do than write dumb shite, misspell every other word, don't know "there" from "their" or even how to construct a simple sentence. No education, no skills, no wonder you are bitter, angry, and frustrated.

A sad commentary on the American education system and our available work force. So many sad whiners with nothing to sell on the job market.

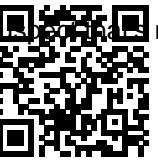

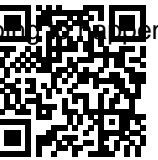

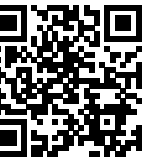

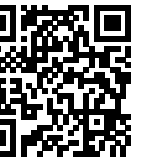

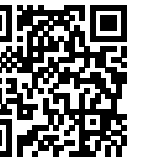

These postings are a perfect commentary on ignorance. You two are both incredibly ignorant. No wonder no one will hire you. No wonder you waste your time trolling on Craig's List.

I sympathize with the guy who told people to read an ad before responding. Too many people don't read the ad and then they waste their time and the job poster's time.

I suggest that if you don't like an ad, don't respond to it. It's that simple. But not for the Dumb & Dumber trolls.

And for those who do respond, don't waste your time or the job posters time by responding to ads you haven't read or are not qualified for.

It's really easy, even for dumb-asses like Dumb & Dumber here.
