Want to bring your bathroom out of the 70s and into the 2000's?

Want to update the plumbing in your kitchen?

Still have a single showerhead? Want to install a nice handheld with massage? How about a few body sprays?

Perhaps you would enjoy a jetted tub... to relax in and ease your back pain...

Have you thought about installing/replacing tile on your bathroom walls/floor?

Want to replace your old kitchen sink... get a deeper one? new faucet?

Still dont have a dishwasher? or does the one you have only do half the job? install a new one!!

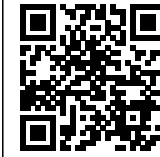

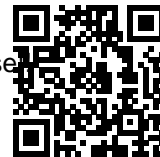

Do you have an icemaker in your freezer, but never got around to running a water line to it???

ANY remodeling ideas you may have.. big or small... I am the man to call!!!!

I have lots of residencial and commercial references. I have been helping ppl with their plumbing/remodeling needs for over 20 YEARS!!

best of all... I can do any job at a MUCH lower price than my competition

Just give me a call... bound to be a business off my own knowledge and expertise
