I have a set of speakers and a rare single speaker. These speakers both have issues that I will detail so you are buying these as is. I have other speakers listed in a different posting, so check them out.

KLH AV33 - This set of two way speakers is in great condition except one of the tweeters doesn't work. The cabinets and grilles are immaculate. I am asking \$25 for the pair. Tweeters for KLH speakers can be found on eBay.

Bolivar Model 18 - This is a single speaker. The good stuff - JBL made these. The mid range speaker works. The bad stuff - The tweeter doesn't work and I tore it with a screwdriver putting it back in after I tested it. Another bad thing is the woofer isn't original, although the Alphasonik someone put in is a good subwoofer for a car stereo. You can sometimes find original parts for Model 18 speakers on eBay. I want \$25 for this speaker.
