

2000 Buick Park Avenue (1850 USD)

Location **Vermont**
<https://www.genclassifieds.com/x-636657-z>

I'm the 2nd owner. Low mileage, runs great, rides smoothly. Very reliable! Leather package. Inspected through August. Will need tires at some point. I bought this car for my daughter in August 2013 (she moved to a big city with public transportation, so she no longer needs a vehicle). It was owned by an older couple who purchased it new prior to that.

Recently done maintenance:

- replaced left front wheel bearing
- replaced right top motor mount
- replaced left front wheel speed sensor
- replaced right front hub assembly
- replaced right outer tie rod
- replaced front transmission mount
- oil changes/fluids as needed
- new battery 1 year ago

Gas gauge does not work, but it's a common issue with this vehicle and likely an easy fix.....dent in driver's side rear door (not through paint, though). Will need brakes soon. \$1850.
