Kiwi is a white capped pinous parrot who still has a long life ahead of him. Kiwi is my best friend and I miss him beyond words! He is not very big and is a shade of green that blends into trees. The whole top of his head is white and his under tail is red. He has a hint of blue in his feathers, so he is our mascot during Seahawk season considering his green blue and white coloring. He is very nice and will let you pick him up if you go slow. He loves peanuts too! Please help our family become whole again! If you see him please contact me as soon as possible so he doesn't get too far away.
