Just for Girls ( in home ) Preschool is perfect for your advanced 3 or 4 year old or your 5 year old that missed the cut off date for school. If you would like your little princess to be challenged each and every day and fully prepared for 5k, this is the place for your little girl. This is a full day of preschool. I have 20 years of experience teaching 3k and 4k. Hours of operation are from 7:00am to 5:30pm. We are located where Clemson and Hardscrabble meet. I will be taking interviews this week. You can also find me on Care.com to read reviews. There is a very low ratio so please go ahead and make an appointment. My registration number is 23024. Thankyou, Mrs. Torie
