Male and female green parrotlet babies. \$150 each FIRM. They are split blue, pastel, and possibly dilute. Hand raised and tame. They are very smart and can open cage doors, they can learn to say a few words and mimic sounds. These tiny birds may be small but they have the brains and attitude of a large parrot. They are very sassy and sweet but aggressive toward other birds. Please do not Inquire unless you read up on them before deciding you want one. They are not everyone's cup of tea and definitely not a beginner bird or a bird for a.
