

Domestic Violence Counseling (South Carolina)

Location **South Carolina**
<https://www.genclassifieds.com/x-636793-z>

South Carolina is now the second state with the highest rate of domestic violence, down from number one in 2014. I have worked with women of domestic violence leaving their abuser for the last 10 years. I actually have a judge that will close down her court room just because I am in the court house, not even in court. I provide phone counseling to women in abuse. My cost is \$30 per hour. To find out more call
