Hello I should be getting a new job next week, I should know by Monday. If I do stat this new career I would want to move out of my current living situation. My preferable rent is 250-450, it is negotiable. I am clean and would want to move my cat in with me, he is declawed. I'm not a big party girl, but am a nice person. If you have any further questions please send me an email.!
