I'm looking to trade my services for housing, preferably including a reasonable stipend depending on the amount of work involved, or just a straight exchange for rent or wages. I'm a talented landscape designer, experienced in all aspects of gardening and landscaping including design, installation, soil amendments, irrigation, tree trimming, natural pruning, proper maintenance, etc., as well as home renovation, redesign, basic carpentry, painting, refinishing and faux finishes, basic handyman skills, repairs, general maintenance and pet care. Also very experienced in food and beverage preparation and service, cooking, cleaning, organizing, personal assistant, event planning, property manager and caretaker. I'm something of a renaissance man, smart creative and resourceful, with business savvy and many other skills and talents.

Do you need help around the home or yard, home renovations or landscaping, help with your business, or a property that needs fixing up? Whatever you need done, it's probably in my toolkit, just ask. I'm a solid, responsible, hardworking, honest, highly ethical guy - easygoing and generally good to have around. Looking for a mutually beneficial situation based on mutual consideration and mutual respect with a compatible person or persons. Currently in Nashville metro area, but will consider anywhere in Tennessee. If interested, please reply by email and please give me some idea of what you need done, general location, and what you propose to offer in exchange in terms of housing or...?.
