

# Established WordPress Development Business for Sale (100000 USD)

Location

Texas

I am looking to sell my profitable WordPress web site design / development / maintenance / hosting business. I am open to down payment and terms, and helping through a transition period. I have around 150 clients, most with hosting contracts, about half who have some sort of ongoing maintenance needs. For more information, please reply with name and phone number, and we can discuss.
