I am an amateur photographer looking to build up my portfolio and help models build up theirs. No experience required, so if you want to try it once that is fine. I am very easy going.

I am looking for amateur models for immediate shoots in the new couple of weeks. Pictures are to be used in personal portfolio and hopefully in the future for my website. Currently doing a girl next door style shoot. Requirements for shoot vary, so please email me for more information.

Pay is negotiable and pays cash. But typical pay varies between \$25 a hour to \$105 a hour. No experience required. Currently only looking for female models under 35.

Please let me know if you are interested and we can determine if you are right for this shoot. Please include several photos of yourself including head and body shots with your reply. Also please include a few details about yourself. Contact info is always helpful.

Thanks for you consideration and best of luck on job search.

Please do not send job offers to me! I am offering the job. This is legitimate, please do not.
